Federated Republican Women

August 2020 Issue

President's message

Hear ye, hear ye friends of GHC!

We are less than 100 days away from Election Day! It's hard to believe how quickly the year has flown by, and how soon we will be facing the most important election of our generation.

The past couple of months since our May 2020 Newsletter have been eventful. We conducted our first GHC General Zoom Meeting on June 9th, with an informative presentation by Bosque County Republican Chair, **Janet Jackson**. The RPT convention was held in a virtual format. Sadly, TFRW's Tribute to Women had to be cancelled, but we look forward to honoring our members at a future date. We have a new Chairman of the Republican Party of Texas, **Ret. Lt. Col. Allen West**, and, a new Vice-Chair, **Cat Parks**. Your clubs have been effectively soldiering through the health crisis to conduct virtual meetings and events, and phone banks. Thank you for all your efforts in a difficult time. You can't keep good Republican women down!

And, we have much to look forward to!

Our candidates meet-and-greet and celebration of GHC's 58th Anniversary is right around the corner on August 18th. Many of our multi-county and statewide candidates are planning to attend, so please encourage your members to support this effort to meet them, get their yard signs and push cards.

Our new RPT Vice-Chair, **Cat Parks**, will be joining us too! It is currently scheduled to take place at the Mendenhall Center, but we are working on alternate locations in case that venue cannot accommodate us, so stay tuned! Space will be limited per the facility's restrictions and lunch will be provided, so please RSVP to our GOTV Chair, **Rachel Redus**, rachelredus@gmail.com, or Event Co-Chair, **Dr. Milinda Morris McConnell**, milindammd@gmail.com. Our inaugural GHC Voters Guide will be debuted at the event. It is a virtual guide listing the Republican candidates in GHC's 13 counties. Please plan to share the GHC Voters Guide with your membership, family, friends and neighbors!

We have already started planning our **Diamond Anniversary** gala to celebrate **GHC's 60th** year in 2022! Our board member, **Dana Khan**, is chairing the event. The committee will start having meetings in the near future, and we hope you will volunteer to help us make it a great success!

Please remember to bring socks to our events for GHC's "Socks for the Homeless" project. We will continue collecting them to honor our late President, **George H.W. Bush**.

While our world and how we conduct our lives has changed, our resolve and steadfast love for this country remains the same. As Republican women, we are called to be courageous and stand up to defend the best country in the world. Lady Liberty needs us to survive, so we must unite to elect our candidates in November. I pray God will continue to bless all of you, the great State of Texas, and the United States of America!

Warm Regards,
Sophia Mafrige, GHCFRW President

Greater Houston Council NEW SOCKS FOR THE HOMELESS The "41" Sock Project

Thanks to participants at Nuts and Bolts, Greater Houston Council has gathered a significant amount of new packaged socks of all kinds and sizes. This is a wonderful way to honor President George H. W. Bush. This is an ongoing project for 2020. These socks will be distributed at the November 17, 2020 meeting to club representatives from the fourteen counties. The representatives in turn, will be able to distribute to worthy local charities. This is a great way to gain Caring for America and Club Achievement Award points. Please bring new packaged socks of all kinds and sizes to every Greater Houston Council meeting this year. Start a new sock drive from your club!

RED DIALER UPDATE

WOW PAT BAUGHMAN, CY FAIR RW! – YOU ROCK!

THIS IS INSPIRATION FOR US ALL!

Republican Volunteer
Engagement Project

Monday July 27, 2020

Patriots,

We are less than 100 days out and it's crunch time. As I said last week Election Integrity is of upmost importance! Our Houston volunteers made the most calls for the second week in a row! Let's go for three! **Pat Baughman** led the way with 748 calls last week, and 474 calls this week. Way to go Pat! Our current call list is on Power Dialer, and so its easy to pop out calls. When Power Dialer is on, the system is making five calls at a time. The name of the person that picks up, will pop up on your screen as they answer. You may have to be ready to talk to them before their name comes up. Remember the script is a guide not an absolute.

The Red Dialer VEP program has been tremendously successful. Our original goal was 100K new voter registrations and we have surpassed over 130K.

We are now recruiting election workers because of the importance of election integrity. Soon we will move to Voter ID calls and GOTV (Get Out The Vote) calls. Closer to the election, calls will be made for individual targeted races.

Victory 2020 Strike Force is headed statewide by Rhonda Lacy, and in the Houston Area by Dana Myers and myself. We are recruiting volunteers to make these calls and later move on to work with individual targeted races. We need clubs to adopt a race and stay with it through the election! If anyone is interested in the fight to Keep Texas Red, they can contact Dana or myself.

Texas is a Battleground state! We will be switching to call for individual races soon. But right now, it's Election Integrity. Come on Houston, let's get calling!!!

Keep Texas Red!

LEGISLATIVE REPORT

by SJ Swanson

We are currently in Texas' 86th Legislature Interim, with interim committees doing work per the charges of the Speaker of the House issued November 2019 https://house.texas.gov/_media/pdf/interim-charges-86th.pdf, and Texas Senate stands adjourned sine die. In January 2021, Texas will enter the regular session of the 87th Legislature.

We are currently in the 116th U.S. Congress. The following is information from U.S. Congressman **Dan Crenshaw** of Texas' 2nd Congressional District.

PROTECTING OUR COMMUNITY FROM COVID-19

COVID-19 is having a severe impact on public health and our economy in Houston. But we can overcome this challenge together. I am in constant contact with hospitals and those on the front lines of this fight to make sure they have what they need to keep our communities safe and I'm encouraging Texans to take personal precautions to protect themselves and others from the pandemic.

I've distributed 50,000 masks to help people in our community do their part to prevent the spread. I also helped provide billions in federal resources to meet the needs of our health care workers, bolster the capacity of our health care system, and improve our testing capabilities. And I have repeatedly stepped in to extend federal support for COVID-19 testing in Houston.

I'll continue this work as we continue to fight this public health crisis. We are Houston Strong and we will get through this. (you can find updates and resources on the congressman's House website <https://crenshaw.house.gov/coronavirus-resources/>).

HOLDING PHARMACEUTICAL COMPANIES ACCOUNTABLE AND LOWERING DRUG PRICES

Americans pay too much for prescription drugs. That's why I helped introduce legislation (H.R. 19) along with other Republicans to hold pharmaceutical companies accountable, improve transparency, and lower your drug costs. My bill would stop pharmaceutical companies from engaging in unfair and uncompetitive behavior that raises your out-of-pocket costs at the pharmacy counter (<https://congress.gov/bill/116th-congress/house-bill/19>).

This plan also increases transparency in our health care system and protects your access to new drugs to ensure that America - not China - remains the world leader in medical innovation.

I'm also fighting back against dangerous policies like price controls in Congress like Nancy Pelosi's H.R. 3. One independent analysis of this bill found that it would lead to as many as 100 fewer life-saving drugs from coming to market because of the innovation lost as a result of this bill. That is unacceptable, especially as American innovators are working tirelessly to find a vaccine for COVID-19. We can lower drug prices without killing the medical innovation Americans rely upon.

PROTECTING PEOPLE WITH PRE-EXISTING CONDITIONS AND GIVING YOU CONTROL OF YOUR CARE

Americans living with pre-existing conditions should never be denied health care coverage. This is personal for me - my mom died of cancer when I was just 10 years old. That's why I'm supporting legislation in Congress that requires insurance companies to provide health care coverage to people with pre-existing conditions.

I also believe Americans should be in control of their health care, rather than being beholden to insurance companies or government regulation. That's why I'm working to expand direct primary care for Americans, which will allow greater flexibility and choice for patients while improving the doctor-to-patient relationship that we know is critical to quality of care.

I'll continue these efforts in Congress to fight for people with pre-existing conditions and make commonsense improvements to deliver higher-quality, affordable health care.

Greater Houston Council FRW Celebrates the 100th Anniversary of Women's Right to Vote

Amendment XIX—*The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex.*

The Republican Party pioneered the right of women to vote and was consistent in its support throughout the long campaign for acceptance. It was the first major party to advocate equal rights for women and the principle of equal pay for equal work.

- ☆ Suffragists began their organized fight for women's right to vote in 1848. For 72 years, they marched, picketed and lobbied for the right to the ballot.
- ☆ By a vote of 50-47, Tennessee became the last state needed to ratify the 19th Amendment on Aug. 18, 1920. A proclamation declared the 19th Amendment ratified and part of the US Constitution on **Aug. 26, 1920**.
- ☆ 100 years later, more than 68 million women vote in elections.
- ☆ The tri-colors, purple, white and gold, symbolizing loyalty, purity and life, was used exclusively by Congressional Union/ National Woman's Party.
- ☆ White and gold are the two colors historically used by the suffrage movement.
- ☆ Gold pins, ribbons and sashes, as well as yellow roses became symbols of the cause.
- ☆ Wearing white has become a visual symbol of solidarity for women.
- ☆ The yellow rose is the symbol of the women's suffrage movement.

On June 28, 1919, the Texas legislature voted to ratify the Nineteenth Amendment, the first southern state to do so. For more information on the Texas Women's Suffrage Movement go to the National Parks Service website: <https://www.nps.gov/articles/texas-women-s-history.htm>

HAPPY ANNIVERSARY TO THE GREATER HOUSTON COUNCIL OF FEDERATED REPUBLICAN WOMEN!

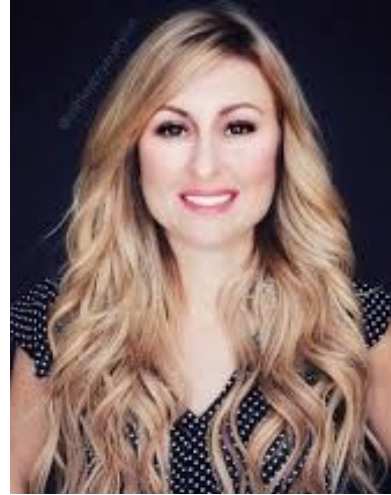

June 15, 2020 marked 58 years since the first organizational meeting leading to the formation of the Greater Houston Council of Federated Republican Women! August 8th will mark the 58th anniversary of the adoption of our bylaws, thus making us an official organization! The original name was Harris County Council of Federated Republican Women. Since then, hundreds of women have served on the executive board and thirty two have served as president of our organization. We salute the Republican Women who had the foresight to blaze the trail for us into the 21st Century. In these difficult times let us gather strength from our history as we continue our mission “to promote political education in order to increase the effectiveness of Republican Women in the cause of good government”!

Congratulations to Our New State Party Leadership!

Congratulations to our newly elected State Party Leaders **Lt. Col. Allen West** our State Party Chairman, and **Cat Parks** our State Party Vice Chairman!

Congratulations also go to **Toni Anne Dashiell**, National Committeewoman and **Dr. Robin Armstrong**, National Committeeman on their re election.

The State Republican Executive Committee members elected during the convention can be found at **www.texasgop.org**.

Contact your Congressional District Caucus Chair for a list of your CD National Delegates, Alternates and Presidential Electors.

You can also find Chairman West's statement on the convention and the rough draft of the 2020 platform at **www.texasgop.org**.

Greater Houston Council FRW and TFRW looks forward to working with our new RPT leaders in the brutal battle ahead.

WE ARE THE STORM!

The Presidential Election Can Be Changed Without a Constitutional Amendment!

From the National Republican Party Platform

“We oppose the **National Popular Vote Interstate Compact** and any other scheme to abolish or distort the procedures of the Electoral College. An unconstitutional effort to impose National Popular Vote would be a grave threat to our federal system and a guarantee of corruption, as every ballot box in every state would offer a chance to steal the presidency. We urge state legislatures that have voted for this proposal to rescind their approval.”

What the heck is that?

The National Popular Vote Interstate Compact is an agreement among a group of U.S. states and the District of Columbia “to award all their respective electoral votes to whichever presidential candidate wins the overall popular vote in the 50 states and the District of Columbia.” Wikipedia

Article Two, Section Two of the U. S. Constitution states:

Each State shall appoint, in such Manner as the Legislature thereof may direct, a Number of Electors, equal to the whole Number of Senators and Representatives to which the State may be entitled in the Congress: but no Senator or Representative, or Person holding an Office of Trust or Profit under the United States, shall be appointed an Elector.

The National Popular Vote Interstate Compact (NPVIC), when adopted by the State Legislature directs the Electors to cast Presidential and Vice-Presidential Votes per the national popular vote. In effect, this turns the Presidential Elections into a National Popularity contest. The candidates will then focus on the most populous states (think bright blue California and New York) rather than the entire country.

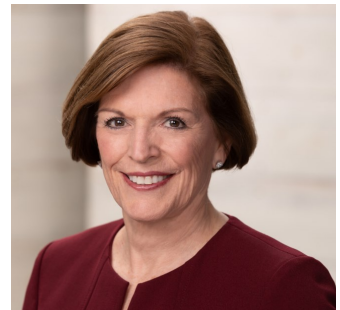

What is the Current Status of NPVIC?

Remembering that 270 Electoral Votes are needed, fifteen States and one Jurisdiction (Washington, DC) controlling 196 Electoral Votes have adopted NPVIC. Not surprisingly, these states are clustered on the East and West Coasts and Illinois. This means that only 74 Electoral Vote States are needed to turn the Presidential Election into a Popularity Contest.

What Can Republican Women Do?

Our National Committeewoman, **Toni Anne Dashiell**, presented our options at the November, 2018 meeting of the Greater Houston Council of Republican Women. During her eye-opening T.A.D. talk, these action items were suggested:

- 1: Educate your friends and family. If any live in the twelve states previously adopted NPVIC, request rescission of the Compact.
2. Pass resolutions and present them to elected officials.

Toni Anne Dashiell is fighting hard to defeat the NPVIC. Language mirroring the National Republican Party Platform should be inserted into the Texas State GOP Platform to support this effort.

NFRW President Ann Schockett Responds to Cancellation of Jacksonville GOP Convention Activities

Voices Support for President Trump's Action -

"President Trump is focused on leading the American people during this unprecedented crisis," NFRW President Ann Schockett said in response to the decision to cancel the Jacksonville portion of the Republican National Convention. "This action again proves his strength and caring. Protecting Americans, including our health and safety, remains, as always, utmost on his mind."

ARE YOU A DELEGATE OR ALTERNATE? NFRW would like to recognize our many members who are duly elected delegates and alternates to the 2020 RNC Convention. Please help us complete our list by sending your name, state and position to NFRW Communications Director Lisa Ziriaux at lziriaux@nfrw.org by Tuesday morning, July 28th, to be included on the list to be showcased on our website.

NFRW TIPS FOR EFFECTIVE MEDIA ADVISORIES

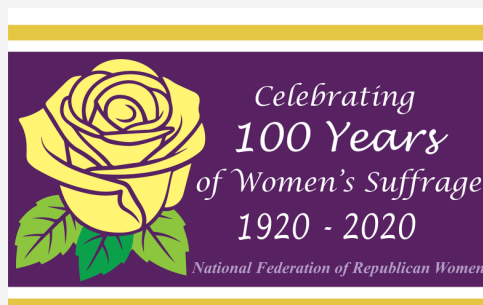

(Publicizing your meetings and events, in-person and virtual)

1. Write "Media Advisory" at the top of the page.
2. Keep it short and to the point – no more than a page.
3. Include the date and the name and phone number of the event MEDIA contact.
4. Write a headline that grabs attention and conveys the newsworthiness of the event.
5. Details should be easy to read – bullet points of who, what, when, where and why - work best.
