Mission Statement

The mission of the Greater Houston Council of Federated Republican Women is to promote political education in order to increase the effectiveness of Republican Women in the cause of good government. In addition, the Council strives to coordinate activities of the various clubs to achieve the maximum efforts of Republican Women throughout the region to elect Republican candidates.

The year is 2020. A presidential election year filled with unheard of challenges. How do we meet those challenges and elect our Republican candidates while navigating a pandemic and social unrest? As strong Republican women, we meet those challenges head on, with faith and unwavering support for our candidates, our country and conservative values.

The Greater Houston Council of Federated Republican Women is proud to debut this Inaugural Voters Guide for 2020. It is a heartfelt effort to help you identify the Republican candidates who are on the November 2020 ballot in GHC's 13 counties. It is an electronic guide which links you to information on each candidate. Remember, we no longer have straight ticket voting, so you will have to check the name of each individual Republican candidate on the ballot in November. Please share this guide with your family, friends, work colleagues, and sphere of influence. It will also be accessible on our GHC website at www.ghcfrwpac.org.

I want to personally thank our GOTV Chair, Rachel Redus, for her time and dedication in putting this guide together, and, our entire 2020 GHC Board for supporting this effort.

We must unite and work together to elect our Republican candidates and preserve the American Dream for the next generation! That is what the November 2020 election is about. Please help us spread the word to vote for every Republican candidate on the November 2020 ballot. May God continue to bless all of you, the great State of Texas, and the United States of America!

With warmest regards,

Sophia Mafrige,

2020 GHCFRW President

2020 has been one heck of a rollercoaster- and we're already just days away from the November election!

We still have lots of work to do, and many people to reach with the message of why voting Republican is essential to preserving the American dream and way of life. That's why I'm honored and excited to have been a part of drafting and completing the GHC 2020 Voter's Guide. I challenge every person reading this to share the guide with at least 10 people, and then make sure they get out to vote- even if you drive them to the polls yourself! We cannot afford to, or let others, be complacent this time around. Low Republican turnout is not an option this year. Just as every upcoming election is- at its time, 2020 is 'the most important election' that we have ever faced.

As Ronald Regan said, "freedom is never more than one generation away from extinction", so we MUST kick these socialist and Marxist ideologies in the rear, and show that we won't sit idly by as plans for destruction of our country play out in real time. Please get out to vote, and encourage others to exercise their rights- rights that are not protected in many, many other countries around the world. We have one of two choices this November- Do everything we can to preserve our and future generations liberties- OR sit by and watch our country fall, willingly, into the hands of the very people who hate everything good about this 'last great hope' that we call home. If we don't fight for our freedoms, how would we expect others to do so? We have one job between now and November 3rd- Keep America on the RIGHT path.

God Bless, and see y'all at the polls!

Rachel Redus

GOTV Chair 2020-2021, GHCFRW

Vote with Confidence!

Early voting begins in just eight weeks and the challenges we face this election cycle are greater than ever. It's no secret that the Democrats have their crosshairs on Texas or that out-of-state money is flooding in to push their socialist agenda, but we must also contend with a virus that is making our own people afraid to leave their homes even to vote. We are facing redistricting next year and seven (7) of TFRW's "Top Target" House Districts are located in the greater Houston area. Moreover, Republicans have solid contests in nearly every race the full length of the ballot. No matter what the obstacles, we MUST find a way to overcome them. An informed, engaged electorate has never been more important than it is today.

This resource is more than a "who's who" of the November ballot; it's a tool to help us WIN. We need 68% of registered Republicans to vote, and to accomplish that we need you to educate yourself and engage others. This guide provides the necessary information for you to vote with confidence and share valuable candidate data to other potential voters. The magnitude of this election cannot be overstated. President Trump needs Texas to win, and we need Texas because there isn't another Texas to go to. Whether you block walk, phone bank, write postcards, or make financial donations to these candidates, every contribution of time, talent, and treasure is greatly needed and appreciated. It is my great honor to serve beside you in the fight to keep Texas a conservative stronghold for future generations.

For Texas and the Country-

Glynnis Chester

President, Texas Federation of Republican Women

Republican women are the heart and soul of the Republican Party. Thank you for your tireless commitment to our country. It's because of you I'm in the Senate and it's why we have to get to work.

We're at critical juncture for our country. We're facing a worldwide pandemic and an economic crisis that has resulted in over 44 million Americans losing their jobs. We've also seen violent rioters fan the flames of division and Democrat officials cater to the mob – leaving families and business owners to fend for themselves.

We're at a crossroads. The future of our country and the American dream are at stake in 2020. In Texas, the stakes are especially high.

If we don't win Texas, we don't win the White House, we lose control of Washington, and we lose the precious freedoms Texans and all Americans believe in, including:

- The right to peacefully express your views;
- The right to practice your religion freely;
- The right to protect yourself from harm;
- The right to run your business without worrying about violent mobs destroying your livelihood, and to be protected by the police.

The Democrats have cynically decided the best way to defeat Donald Trump and elect Joe Biden is to bow to the violent mob and keep America shut down until Election Day.

The left is mad, they're energized, and we have to be ready.

This is a fight for the future of Texas and the future of the United States of America. This is our time to say no to the Democrats who want to keep pushing this country to the far left. We need to reject government takeovers, to stand up and protect our communities, our workers, our small businesses, our family values, and our constitutional rights.

Together, through hard work and determination, we will get out the vote and claim a major victory in November!

U.S. Senator Ted Cruz

Presidential election years always promise surprise twists-and-turns, but I don't think anyone could have predicted what we'd encounter in 2020. Facing a worldwide pandemic, community unrest, and other unexpected challenges – both large and small – have many of us struggling to steady ourselves, our families and our communities.

There is no question that COVID-19 has turned traditional campaigning on its head, and while we often hear that every election is the most important of our lives – this one may in fact be.

From the White House to the courthouse, each elected position on your ballot works for you: their constituent. With straight-ticket voting gone this year, you'll need to be sure to cast a vote in *every* race – top-to-bottom – when you're in the voting booth. Skipping a vote means someone else will be making the decision for you, and the stakes are simply too high to allow that. The leaders we elect in November will shape our "new normal" and will have the responsibility to regrow our economy, in addition to defending, and determining, our rights.

Our pre-Coronavirus economy didn't happen by accident. Rather, it was the result of years of policies that encouraged entrepreneurship, innovation and job creation. Like many others, I'm working hard to ensure that when we emerge from this unprecedented time, America is stronger and safer than before. Our recovery won't be perfect, and we may see fits-and-starts, but we'll all do our part. And doing our part includes voting! As we mark 100 years of Women's Suffrage this year, I look forward to seeing Americans of every walk of life exercise the constitutional right those before us fought so hard to achieve. It is our honor – our duty – to vote.

To the Greater Houston Council of Federated Republican Women,

Houston is this nation's third largest city and the birthplace of the Republican Party of Texas. If there is one place we must win, it is Houston. You are also the guardians of the San Jacinto battlefield where our great state won its independence. I trust in you. I believe in you.

Come Election Day, we will be victorious because you got the vote out. Each women's federated club has worked tirelessly to help us win Harris County and the 12 surrounding vital counties.

You are the force that makes the Texas GOP the storm!

Onward to Victory,

Lt. Col. Allen West (Ret)

Chairman

Republican Party of Texas
