## Finish Line Almost Here!

**Tina Gibson, GHCFRW  
President**

Dear GHC Family,

I'm writing this letter before election day not knowing what the outcome will be. I wish I could see into the future and know now that all our efforts to get our Republicans elected have paid off. I believe we will be celebrating as we will win it all. Our Republican Women's clubs continue to make a difference around the greater Houston area.

Thank you for your tireless efforts. Greater Houston Council is honored to work with you!

There is still time to sign up to volunteer at the polls, make phone calls and block walk. We won't stop until the last hour of election day. Send GHC your club photos volunteering at the polls!

Our last Greater Houston Council meeting of the year is November 15<sup>th</sup> at the Mendenhall Center. We will have one of our favorite Republican Woman, The Honorable **Jacquie Baly** as our speaker. She helped kick off the GHC 60<sup>th</sup> Anniversary celebration as our Mistress of Ceremonies at Minute Maid Park last April. Jacquie is the President of BalyProjects and has been a leader in the State's business and policy communities for decades. She will join us again with an Election Day review and how the Texas Legislative Session will be impacted next year.

**Bring your Gift Card and Christmas Stocking Donations to the GHC Meeting!**

## President's Message, cont'd.

GHC will again be collecting gift cards and additional Christmas stocking donations for the children of our Camp Hope and Camp Shield Veterans. They are requesting 77 stockings and any gift cards that can be used towards children's gifts. Please bring them to the meeting. The families of our Veterans bear the burden of suffering that our Veterans deal with every day. Let's give their children a very thoughtful gift to celebrate the joy of families this Christmas. **David Maulsby** of Camp Hope and **Maggie Peterson** from Camp Shield will be there to meet you.

Thank you again for your tireless work in getting our Republicans elected.

Keep Up the Fight, Ladies!

See you on November 15<sup>th</sup> to celebrate!

# Honoring Our Veterans

## Veterans Day, November 11, 2022

**Editor's Note: We found this comprehensive write-up of the history of Veterans Day on a site called "National Today." We've reprinted the lightly edited article below.**

Veterans Day, originally celebrated as Armistice Day, was first issued on November 11, 1919, by President Woodrow Wilson a year after the end of World War I. The purpose of Armistice Day was to honor the fallen soldiers of the Great War for their sacrifice and bravery.

Seven years later, in 1926, Congress adopted a resolution requesting that President Calvin Coolidge issue annual proclamations on November 11, making Armistice Day a legal holiday.

In 1945, World War II veteran Raymond Weeks had the idea to expand Armistice Day to celebrate all veterans rather than just the ones who died in World War I. He led a delegation to General Dwight Eisenhower, who was all for the idea. Weeks then organized the first Veterans Day celebration in 1945 in Alabama and every year since, until he died in 1985. In 1982, he was honored by President Reagan with the Presidential Citizenship Medal.

In 1954, Ed Rees, the U.S. Representative from Emporia, Kansas, presented a bill to establish the holiday to Congress. Eisenhower, who was then the president and also from Kansas, signed the bill into law on May 26, 1954, eight and a half years after Raymond Weeks held the first Veterans Day. After having been through both World War II and the Korean War, the 83rd U.S. Congress — at the urge of the veterans' service organizations — amended the Act of 1938 by striking out the word 'Armistice' and inserting the word 'Veterans.' With the approval of this legislation on June 1, 1954, November 11 became a day to honor American veterans of all wars.

*Above: Each year, the Veterans Day National Committee (VDNC) selects a commemorative Veterans Day poster from designs submitted by artists nationwide for the annual Veterans Day Poster Contest. Briana Cummings, who has worked at the Erie VA Medical Center (VAMC) in Erie, Pennsylvania, since January 2020, submitted the winning design for this year's Veterans Day Poster Contest. She was inspired to create her submission after learning that this year's theme was honor.*

## Founders of Camp Shield and Camp Hope to Speak at GHCFRW November Meeting.

**Maggie Peterson, founder of Camp Shield, and David Maulsby, founder of Camp Hope,** will make brief presentations at the GHCFRW November meeting and will receive our gift cards and Christmas stocking donations.

Camp Shield was created to address the emotional, social, and physical wounds of women veterans, wounds that have contributed to a lower quality of life, emotional instability, and a lack of social engagement as seen in communities across the nation.

Camp Shield's Founder Maggie Peterson, is a former United States Air Force Staff Sergeant.

David Maulsby is executive director of the PTSD Foundation of America which through its Camp Hope facility helps veterans recover from combat-

related post-traumatic stress and to help lower the veteran suicide rate.

Maulsby said about 7,300 military members were killed in Iraq and Afghanistan, but more than 30,000 veterans from Iraq and Afghanistan have died by suicide upon returning home following their service.

# Political Strategist Vargas: Democrats and Deception

## September Speaker Outlines Dem MO & How to Combat it

“With leftist Democrats, the issue is never the issue,” said Political Strategist Joseph Vargas at the September meeting of the Greater Houston Council of Federated Women. “This means their initial complaint (issue) is fake, a mere distraction from the real issue – their real agenda. At the end of the day, the real issue for Democrats is always the same: to deceitfully manipulate the use of emotion, negative branding, selective outrage, and language to push their leftist socialist agenda to attack conservative values.”

Joseph Vargas is a strategist commentator with a focus on Ethics in Philosophy and Political Strategy. He is the founder of Keep Texas Red and Vice-President of the Juan Seguin Society.

“The most successful way to confront and respond to an emotional Democrat attack or argument is to first, expose the emotional argument as fake and second, educate the audience of the true intention of the fake emotional argument,” he said.

Vargas warned that the goal is to educate the audience and not educate the leftist aggressor because the leftist aggressor more than likely knows the emotional argument is fake.

### The Greatest Procrastination

“Talking, meeting, and reading – when accompanied by no strategic action – are the greatest procrastination in political activism,” Vargas said. “It solves nothing. Only replacing them with true conservatives will solve the problem.

“Many want to talk about the problem, others want to meet to discuss the problem and others love to read about the problem. But few want to organize to take strategic action. Complaining has no value. Complaining will not replace liberal elected officials.”

# NFRW Youth Outreach

## Beginner's Guide to Recruiting Young Women

### Introduction

Young Republican women continue to be an important component of the membership of the National Federation of Republican Women (NFRW). The NFRW over the years has struggled to outreach to this demographic of Republican Women and there has been a concerted effort in recent years.

The NFRW Youth Outreach Committee is committed to fostering a multi-generational sisterhood, and we are determined to supplying each state with the resources to recruit young women.

### Issues

All Republicans are passionate about certain topics. Some focus on social issues while others focus on fiscal and legal issues. Learning what topics interests the younger demographic allows the expansion of outreach to diversify membership. The following topics are not meant for a one-size-fits-all approach in recruitment but rather a way for clubs to brainstorm the incorporation of new thoughts while expanding upon old ones.

- Protecting Women's Sports
- Education
- Economy
- Liberalism of College Campuses

Listen, empower, and learn from young women and their perspective of certain issues.

### Digital Media

Young women are rapidly more engaged in digital advertisement that is always in the palm of their hand. Social media and digital outreach is the future of the Federation. Social media is the most inexpensive, reliable, and efficient means of communication and is the best way to reach young Republican women for membership.

The most popular and effective social media platforms are Facebook and Instagram which can be great tools in reaching a young audience. Create a professional and informative page to attract new members.

### Grassroots

Engaging young women through grassroots efforts can be one of the most effective ways of growing the Republican Party. Grassroots encompasses several forms of outreach that include but are not limited to door to door, phone banking, postcards, and texting.

Establishing relationships with conservative community organizations builds a stronger coalition of activists. Partner with local Republican auxiliaries along with education and parent groups for a variety of prospective members. Coalescing with these groups will help identify common issues driving the political activity of the community. Organizing with grassroots coalitions lead to the fostering of our sisterhood.

# Governor Abbott Launches Statewide “One Pill Kills” Campaign

## Bonnie Foster Legislative Report

As you all know the Texas Legislature does not start their biennium session until January 10, 2023. However, Governor Abbott and his team are working daily on border issues. I wanted to share this piece with you on their campaign against fentanyl, which is killing our kiddos daily.

Governor Abbott this week announced the launch of the State of Texas’ coordinated “One Pill Kills” campaign to combat the growing national fentanyl crisis, which is a deadly byproduct of President Biden’s open border policies. Governor Abbott also announced new laws to be considered this upcoming legislative session that would classify fentanyl as a poisoning, allow charging an individual for murder if they distribute fentanyl or drugs laced with fentanyl that kill someone, and make NARCAN more readily available across the state for Texans exposed to fentanyl.

"Fentanyl remains the single deadliest drug threat our state and nation has ever encountered, killing four Texans every day," said Governor Abbott. "In the Biden Administration's negligence to address this national security threat, Texas has designated Mexican drug cartels as terrorist organizations and is launching a statewide public awareness campaign to fight the fentanyl crisis in our state."

Last month, Governor Abbott [directed state agency leaders](#) to ramp up efforts to respond to the crisis, including coordinating outreach to raise awareness of fentanyl’s lethality and prevalence.
